Burton Memorial Erected At Fairview

Erected By Students
And Friends

A memorial has recently been erected in Fairview Cemetery, Bowling Green, to the memory of Prof. A. C. Burton, who was a member of the Education Department of Western, and head of the rural education phase of the department, for many years. This memorial, which was erected by friends and students of Mr. Burton, is of dawn-grey Georgia marble.

On the marble memorial is found inscribed the following epitaph: "Philosopher, Humorist, Scholar, and Teacher. Erected in the memory of his contribution to the Childhood of rural Kentucky."

In speaking of Mr. Burton one of his co-workers says: "He was an authority in the field of rural education. He was sought and usually followed when questions pertaining to that subject were being discussed. Not only we of this institution listened when he spoke, but hundreds from this and other states were eager to advise with him. However, his store of information was not confined to one subject."

"He was a man who at all times was ready and willing to be helpful to his co-workers. He was ready to help because he was prepared, and he was prepared because he was a persistent and tireless worker. He went forward from day to day acquiring more and more of that information which some of us permitted him to dig out and submit to us for our daily use."

HISTORY CLUB HOLDS MEETING

Robey Addresses Group on
Purpose Of Council

The Sticks History Club held the first of its two meetings to be held this summer, July 7. About seventy former members, history majors and members of the Sociology and Economics departments were present at the meeting of the History Club. After a short social meeting Howard W. Robey, A. B. '33, editor of the Bulletin of Kentucky Council of Social Studies, explained the purpose and program of the state organization.

The organization was formed in 1936. The annual meeting was held last fall at Lexington. The meeting this fall will be held at Murray, November 18 and 19. One of the chief features of this program will be a panel discussion on Saturday morning preceding the Western-Murray football game. The topic to be discussed is the possible ways of reorganizing the curriculum in order to give the pupil more time to study each of the social studies. Without a wealth of pertinent facts junior citizens are not able to draw any conclusions of their own. The program will discuss means by which students in the grades and high school may be given into do some thinking on social problems.

M. T. Gregory of Anchorage High School, Anchorage, Kentucky, is president of the Council for this year. Miss Anna B. Peck of the University Training High, Lexington, is secretary-treasurer.

Notice to Students Receiving
Mail at the College Heights
Station

The College Heights postoffice will from time to time place names of people having unclaimed mail on the bulletin board in front of the office. All students are asked to cooperate with the postoffice in facilitating the delivery of mail.

Everyone holding a box is requested to have his mail addressed to the number of that box. The cooperation of the entire student body will be appreciated.

Miss Louise Reed visited Mrs. P. B. Howard at Lexington, Ky. July 30.

NYA ALLOTMENT EXPECTED SOON

Increase In Employment
Seen For Coming Year

Western has been notified that the NYA work will be continued, but the amount of the appropriation set aside for Western and the various institutions of higher learning in Kentucky has not yet been decided upon.

During the year of 1937-1938 there was an average of 180 NYA students on the program. The compensation was approximately \$10.00 per month.

It is hoped that there will be an increase in the number of students, and also some increase in the compensation for this coming year.

The qualifications for NYA work as outlined by the Federal Government are as follows: The student must be from 16 to 24 years old and one who through economic conditions would not be able to attend college except for this assistance. Furthermore, students are required to maintain a good academic average, which in Western has been set aside by the committee as an average grade of C plus or better. It is the policy of Western to try to place the students in the field of activity in which they are most interested.

Part time work will be provided for typists, stenographers, farm workers, library workers, campus improvement, janitorial service, clerical, mechanical assistants, sewing, carpentry, and unskilled labor.

As soon as official notice is received from the State Administrator as to the amount of money allocated to Western, the NYA committee will meet and make assignments from the applications now on hand, and each student will be notified by mail.

Mr. Sterrett Cuthbertson is director of NYA work at Western.

COLLECTION PLACED HERE

Museum Receives
Valuable Art

Miss Martha Lewis, of Bowling Green, has just placed in the Kentucky Museum the collection of Captain C. R. Edwards. The collection, which consists of 200 oil paintings done many years ago by Mr. Edwards, also has a small old fashioned sewing table and a glass-covered case containing flowers made from nuts, fruits, seeds and shells.

In the group are nineteen paintings, about half of which are portraits, the remainder consisting of landscapes, classical works and fancy paintings.

Among the portraits are two of the artist himself, once as a young man and another done in his later life. There are also pictures of each of his two wives, one of a brother, I. O. Edwards, and one of Miss Lewis, his niece. There is a picture of Daniel Webster and one of George D. Prentice, Louisville editor. Another portrait has not as yet been identified.

In the other paintings are several of the scenes painted in the eastern part of the United States. Another that is very attractive and of particular interest to local people is of a scene on Drake's Creek in Warren County. One of the most unusual in the entire collection was done about 1859 and depicts a room or a hall in Mammoth Cave. It is said to have been painted shortly after the artist was at the cave on his wedding trip.

The picture most prized by Capt. Edwards is a classical one, copied after an early master. It is the only one done on wood, the remainder having been painted on canvas.

To Arrive Soon

DR. C. H. JAGGERS

Jagers To Succeed Matthews

Dr. C. H. Jagers, who was superintendent of the city schools at Franklin for a number of years, has been elected director of the Western Teachers College Training School, succeeding W. L. Matthews, according to an announcement issued by President Paul L. Garrett recently. Dr. Jagers, who for the past year has been head of the Psychology Department at Southwestern Louisiana Institute, Lafayette, La., will come to Bowling Green early next week following the close of the summer term at the Louisiana school.

Mr. Matthews, who also served as superintendent of the Franklin city schools prior to his coming to Bowling Green eight years ago, resigned his position as director of the Training School, effective July 30, to become a member of the executive staff of the Bowling Green Business University. Following Mr. Matthews' departure from Franklin, Dr. Jagers was elected to succeed him as head of the city schools there.

Dr. Jagers received his elementary education in the rural schools of Hart County. Later he attended Upton Institute at (Continued on Page 2)

800 FFA BOYS MEET ON HILL

Interesting Sessions And
Contests Held

Approximately 800 boys from 108 of the 169 affiliated chapters of the Kentucky Association, Future Farmers of America, were present at their Ninth Annual Convention held on the Hill July 27 through July 29.

The highlight of the meeting was the address given Thursday morning by James H. Pearson, Regional Agent of Agricultural Education of the United States office of Education at Washington.

J. Lester Poucher of Gainesville, Florida, National President of the Future Farmers of America spoke at the morning session on Friday.

Another agricultural authority of national importance that was present was Dr. E. L. Austin, head of the department of Education, Michigan State College, who spoke at the banquet held in Potter Hall Friday night.

William Earl Netherland of Campbellsville was elected president of the Kentucky Association of Future Farmers at the closing business session, Friday afternoon. Woodward Rustin of Calhoun is retiring president.

Other officers elected were Robert Crenshaw of Smith Mills, vice-president; Key Smith of New Castle, secretary; James Johnson of Stamping Ground, treasurer; and Charles F. Hayden of Daviess County High at Owensboro, reporter.

Dr. R. H. Wood of Frankfort, Kentucky, director of vocational education, was re-elected advisor of the association.

An optional trip through Mammoth Cave on Wednesday marked the opening of the convention. Little business was conducted on that day.

The Thursday morning session opened with a welcoming address (Continued on Page 2)

FISH FRY

HELD JULY 23

350 Attend Annual Event
At Cave

Approximately three hundred and fifty students and members of the faculty attended the annual fish fry of Western held at Mammoth Cave on July 21.

The group assembled in front of Cherry Hall and were transported to the cave in cars, trucks and busses. The party reached the cave about 2:30 p. m.

One hundred and eighty-two of the party went through the cave in groups. Others found entertainment in hikes, ping pong and shuffleboard.

A fish supper was served to the group at 6 p. m. Miss Priscilla Lytle, assisted by several members of the culinary department of Western's dormitory, served the supper.

Wild Life On The Campus

By PAUL WHARTON

The title of this article may be somewhat misleading and probably disappointing, since it has reference to animals instead of wild life in regard to the sowing of wild oats.

During the past eight weeks of school I have heard much comment upon the large number of skunks on the campus. Since the student body of Western is composed of students from various states and counties, I have heard the little animal called by many names.

One girl from Indiana referred to the skunk as an "Admiral Byrd." The one student of Western from Mississippi declares the little animal to be a "pole cat." A boy from Harlan County, called it a "timber kitten," and the president of the Freshman Class went quite into detail about the little "timber pussy" that he encountered.

I have permission to quote President Tanner upon the subject, so I shall relate one of his remarks: "Don't you know the other night while I was coming home from the library I saw a little black animal with a white streak down his back crouching in front of me. I had never seen a skunk before, but instinctively I knew what it was."

Although the skunk has quite an important place to fill on the campus, it must be kept in mind that honey is also an essential thing to college life. Therefore, a swarm of bees busy gathering nectar around West Hall to fill its comb which is located at the south end of the building. Beware girls, that while approaching West Hall a bee doesn't get into your bonnet.

A couple of shy little animals that are often seen scampering around the campus are the squirrels and rabbits. These two animals are not nearly so bold as the skunk and the bee, as their means of protection are not quite so adequate.

Birds seem to attract less attention than any of the wild life at Western. It is probably due to the fact that there are so many of them, or again, it might be that the students are afraid to mention birds for fear that some biology student might get technical on the subject.

In summing up the wild life, I think one could take the characteristics of the various animals and thus describe some college students: shy like the rabbit; busy like the bee; chattering like the squirrel; flitting like the bird; and "fresh like the skunk."

MAXWELL'S LEAVE

FOR BRAZIL

Mrs. Glenn Maxwell of this city, A. B. '30, left Bowling Green Thursday, July 28, for New Orleans, Louisiana, where she will join her husband, the Reverend Glenn Maxwell, A. B. Western, '32, preparatory to sailing for Brazil for a 7-year stay as missionaries under the auspices of the Presbyterian Church.

Mrs. Maxwell, who was formerly Miss Agnes Hampton, was a member of the library staff here until her marriage to the Reverend Maxwell last year.

Degrees To Be Conferred On 172 Seniors August 19

NOOE TO SPEAK TO GRADUATES

Vanderbilt Lecturer To
Deliver Address

Dr. Roger Theophilus Nooe, pastor of the Vine Street Church, Nashville, Tennessee, will deliver the baccalaureate address to the one hundred and sixty members of the August graduating class at Van Meter Auditorium Sunday, August 14, at 8 o'clock p. m.

Dr. Nooe was born at Wilmore, Kentucky, September 25, 1881. He received his A. B. and D. D. degrees at Transylvania and later was graduated from the College of the Bible, Lexington in 1903. He was ordained minister of the Christian (Disciples) Church in 1903, and held pastorates at Crestwood, Frankfort and Louisville, Kentucky until 1925, when he went to Nashville to be pastor of the Vine Street Church, where he is still pastor. He was professor of pastoral theology and lecturer at the Vanderbilt School of Religion 1925-33, and has been associate dean of the Disciples Foundation of Vanderbilt University since 1933.

Dr. Nooe was lecturer and preacher in Europe in 1918 and was delegate to the Stockholm Conference in 1927. He is a trustee of the Milligan College and of the Nashville Y. M. C. A., and is a member of the Association for the Promotion of Christian Unity, Tennessee Christian Missionary Society, and also, Collegio Ward (Buenos Aires). He is a lecturer and writer on world peace.

Music Building Plans Altered

Because of the increased WPA wage rate in this section, funds for the Music Buildings are being used more rapidly than anticipated; therefore it has been necessary for the school to make a request for a supplemental program. A reply to the request is expected at an early date.

Some time ago the plan of the building was changed and made smaller. It will not be built as high as was originally planned. As a result the building will have three classrooms and office space on the third floor that for a time seemed as though could not be obtained.

The contract has been placed for the plaster work, which will be started as soon as construction will permit.

All efforts possible are being made to have the building ready for occupancy by the beginning of the second semester of the coming school year.

Work on Hybrid Seed Conducted By Taylor

Mr. Charles L. Taylor of the Agriculture Department and farm manager, has been doing extensive work with experiments in hybrid seed corn. Mr. Taylor has been working for six years with the production of hybrid seed corn on the three college farms in cooperation with Prof. E. J. Kenney of the University of Kentucky.

Two hundred-fifty parent stock individuals are being used in the production of the hybrid seed.

The results of these experiments have shown that the hybrid corn produced from five to eighteen bushels more per acre over leading varieties.

The yielding ability of forty-nine of the leading varieties of this section is also being tested by Mr. Taylor on the college farms.

Hortensia Ricca, a native of Cuba, is enrolled in college, and expects to complete her work for a degree here. She is an English instructor in the Cienfuegos High School in Cuba.

Large Crowd Witness Soap Box Derby Here

An estimated crowd of 2,000 witnessed Bowling Green's first Soap Box Derby at 2 o'clock, Tuesday afternoon, July 12. The event was sponsored by the local Kiwanis Club. Bobbie Monahan, 15-year-old winner, coasted down the College street hill in 35.8 seconds. He received a free trip with all expenses paid to Louisville where he entered the state finals of the Soap Box Derby. Together with this, he received a \$30.00 bicycle and wrist watch for eliminating all contestants in the finals.

The large crowd of spectators lined the track, giving their support to the 21 contestants from Warren and adjacent counties. Their enthusiasm at times had to be checked by officials who kept the hill clear for the participants.

The cars were run two at a time, the loser being eliminated. After each heat, trucks belonging to firms interested in sponsoring the race, towed the little racers by side streets back to the starting point.

Art Exhibit Planned For Fall

Miss Mary Ruth Lemons of the Art Department stated that in the fall she hopes to have exhibited in Cherry Hall a portion of the Radio City Art Exhibit of 1938.

Three Western students entered work in this exhibit last March. The students are Katy Swarts, John Welch, and Buster Johnson.

This exhibit is made up of work of art students from all over the United States.

2021 T. B. TESTS GIVEN STUDENTS

Only Seven Show
Active Cases

In December 1927 a tuberculin test was given by the State Board of Health to the Training School and the college students of Western. About 1150 students took the test. Of this number 154 showed a positive skin reaction. X-ray pictures were made of those having positive skin reaction and only five showed active pulmonary tuberculosis.

In February 1938, 403 students who enrolled at the beginning of the second semester were given the tuberculin test. Of this number 89 showed a positive skin reaction. These were X-rayed, and only one showed active pulmonary tuberculosis.

On June 13, 1938 the tuberculin test was given to students enrolling for the first summer term. Of the 468 students who took the test, only 126 showed a positive skin reaction. X-ray pictures were made of their chests and only one showed evidence of active pulmonary tuberculosis.

The 7 students who showed evidence of having active pulmonary tuberculosis were given medical advice at the clinic. In each case the student checked out of school immediately. They are now at their homes under the supervision of their family physicians.

Tuberculin tests will be given to all students of Western who register in the fall semester.

ORNITHOLOGY CLASS TAKES FIELD TRIP

D. L. Y. Lancaster and the members of the Ornithology class went on a field trip July 29. The class went to Dr. Lancaster's summer camp at Sally's Rock. After the field expedition, Mr. Lancaster, assisted by members of the class, served a picnic lunch.

765 STUDENTS ENTER JULY 18

Enrollment Shows Large
Increase

Registrar E. H. Canon announced recently that the enrollment in Western for the second summer term is seven hundred sixty-five. This exceeds the enrollment of 1937 by fifteen percent.

There are one hundred sixty seniors in attendance who expect to graduate in August. There have been only a few new students to enroll. The upper classes predominate, there being only a few freshmen. During both summer terms there have been approximately seventy-four out-of-state students to enroll, and one student from Cuba.

Western Kentucky State Teachers College has the largest enrollment of any teachers college in Kentucky.

NOTED SPEAKER TO APPEAR HERE

Spillman To Be In Chapel
August 10

Harry Collins Spillman, author, lecturer, and world traveler, a speaker with a wide background, will speak in chapel Wednesday, August 10. Mr. Spillman has given more than 3,000 addresses before audiences of the United States, Canada, England, Scotland, and Ireland. His engagements have taken him to almost every country upon the globe where he has gathered first hand knowledge in the cradle places of civilization, religion, and commerce.

Mr. Spillman was born in Allen County, Kentucky. He studied history, economics, and public speaking at Harvard. For several years he was prominently connected with public education. Prior to that time he was a reporter on the Courier-Journal during the editorship of Henry Watter.

Landscaping Project Started On Campus

Landscaping of the college campus in front of Cherry Hall has been started under the direction of R. C. Woodward, the ground at present is being graded, and good top soil is being added to make the necessary fill. When grading is finished the front will be sodded or seeded, depending on the amount of funds available. Plans for completing the planting in front of Cherry Hall have been made; and the work will be done this fall or next spring.

The landscaping of the grounds in the rear of the building will be done later, probably with NYA labor.

Mrs. Penick's Mother Dies August 1

Mrs. J. B. Stith, mother of Mrs. David Penick, social director at Potter Hall, died Monday, August 1, at the home of another daughter, Mrs. Ellen Statten, in Lakeland, Florida. She was 84 years old.

Mrs. Stith formerly resided in Bowling Green, having left this city about sixteen years ago. Mrs. Statten also formerly resided at Bowling Green, while her former husband, the late F. M. Statten, was connected with the Bowling Green Business University.

Two other daughters also survive. They are Mrs. George T. Robinson of Lakeland, Florida, and Mrs. C. C. Brock of Nashville.

Carmichael To Deliver Address

One hundred seventy-two Seniors will receive degrees August 19, 1938 at 8:00 p. m. in Van Meter Hall. Chancellor Oliver C. Carmichael will deliver the address.

Chancellor Carmichael is from Vanderbilt University, Nashville. He is a native of Alabama. He was Rhodes Scholar at Oxford University in England. In 1926 he was made president of the University of Alabama. In 1933 he resigned to become dean of the Graduate School and Senior College at Vanderbilt.

In 1937 he became Chancellor of Vanderbilt.

The week will begin with the baccalaureate services, Sunday night, August 13, 1938. It will be held in the stadium at 8:00 p. m.

Dr. R. T. Nooe, pastor of Vine Street Christian Church of Nashville, will deliver the sermon.

Monday night, August 14, the faculty reception will be held for the graduates.

The following expect to graduate August 19:

Adams, Ulysses Lucian, Louisville, Ky.; Alexander, Walter Noel, Oukton, Ky.; Allen, Charles Paul, Lebanon, Ky.; Anderson, Lydia Jane, Greentown, Ky.; Arnett, Nevaleen, Madisonville, Ky.; Austin, B. Franklin, Morganfield, Ky.; Bandy, Gerie Minta, Portland, Tenn.; Banister, Conral C. Bradfordville, Ky.; Batsel, James Clarks, Jr., Central City, Ky.; Beyer, Clara Barbara, Henderson, Ky.; Bischof, Thelma Marie, 4034 S. Preston, Louisville, Ky.; Boggs, Edgar, Louisa, Ky.; Boles, Elizabeth Sandidge, Glasgow, Ky.; Branham, Essell J., Prestonsburg, Ky.; Brooks, Ruth, Owensboro, Ky.; Brown, Russell, Princeton, Ky.; Bryant, Eva Pearl, Rt. 3, Gainesville, Fla.; Carter, Frances Irene, Paducah, Ky.; Carter, Nell, Smiths Grove, Ky.; Champion Fay Harding, Paducah, Ky.; Cheatham, Chrissie, Taylorsville, Ky.; Clarke, Dorothy M., 6507 Tyne Ave., Cincinnati, O.; Cook, Willard, Scottsville, Ky.; Compton, M. T., Patesville, Ky.; Cook, J. Clifton, Rt. 5, Hopkinsville, Ky.; Cooper, H. T. Cecilia, Tenn.; Cottrell, Martha Jane, Louisville, Ky.; Craig, Mrs. Louise J., Princeton, Ky.; Curry, Mrs. Mayme M., Princeton, Ky.; Dahmen, Margaret E., Cortland, O.; Davis, Thelma G., Livermore, Ky.; Dockett, Norman W., Sacramento, Ky.; Dougherty, Lucie Rutledge, Bowling Green, Ky.; Downing, John M., Flippin, Ky.; Doyle, Oren L., Glasgow, Ky.; Dudgeon, Ralph B., Lebanon, Ky.; Eley, Madge, Benton, Ky.; Eley, Mildred, Benton, Ky.; Eli, Mary Rose, Dawson Springs, Ky.; Eli, Vera Blanche, Dawson Springs, Ky.; Elkins, Louise, Greenville, Ky.; Farley, Margaret Sue, Henderson, Ky.; Fegenbush, Julia Alberta, Buechel, Ky.; Florer, Robert E., Elktion, Ky.; Foster, Eva Merle, Adolphus, Ky.; Galloway, Claude W., Reed, Ky.; Galloway, J. Bernice, Knob Lick, Ky.; Geoghegan, Hazel, Bardstown, Ky.; Goode, James T., Jr., Bowling Green, Ky.; Goodin, Ernest (Continued on Page 2)

Famous Photographer Visits Campus

Ewing Galloway, world famous photographer, of the International Photograph Company, of New York, visited Western's campus July 22. He was accompanied by Odie Duncan, Henderson County attorney, and Mrs. Duncan.

Mr. Galloway was reared in Henderson County. He has one of the largest collections of pictures in the world.

Being a personal friend and admirer of former President H. H. Cherry, Mr. Galloway has given to the Geography Department 1,500 photographs of natural scenes valued at \$3.00 each. He plans to return to Western in the fall to take some pictures of the memorial statue of President Cherry.

GRADUATES

Comments on the status of the college graduate have come from many sources during the past few years. Some of these comments have been based on statistics while others have been merely assumptions of amateurs in the field of survey.

Facts prove that the graduate who leaves the portals of Western this year steps into a future that is brighter than some of the comments on the college graduate's future have led us to believe.

Alumni News

CARD OF THANKS

Mrs. A. C. Burton and sons, Maurice, Edwin and Carroll, desire to express their thanks and gratitude to all students and friends who contributed to the A. C. Burton Memorial fund.

David Edwards, A. B. '32, was a recent visitor on the Hill.

H. W. Wilkey, A. B. '28, county superintendent of Hopkins County, was on the Hill July 21.

Mitchell Clark, A. B. '31, M. A. '36, was a recent visitor of her sister, Mrs. Lucille Baskett, in West Hall.

J. Rondle Wright, B. S. '38, is teaching physics in Western this summer. He is a former laboratory instructor here. He has been attending the University of Kentucky on an instructorship and will receive the Master's degree from that University next year.

Edward Nelson, B. S. '37, will attend Columbia University next year to work on the Doctor's degree. He is teaching physics in Western this summer. While attending Western Mr. Nelson was laboratory instructor in Physics. He secured a scholarship from Vanderbilt University where he did his Master's work during the past year.

Paul McDaniel, B. S. '37, will attend Indiana University this fall, where he will work toward the Doctor's degree while doing full time instructorship. Mr. McDaniel received his Master's degree last year while attending the same university on a part time instructorship.

Roy Ellis, B. S. '37, physics major, received the Master's degree last year from Indiana University while doing part time instructing. He will attend the same university this fall on a full time instructorship and work on his Doctor's degree.

Dorothy Grider, A. B. '36, who for the past two years has been connected with the Poenix Art School, New York City, is spending her vacation in Bowling Green.

Ruth Edwards, A. B. '37, was a recent guest on the Hill. During the past year she taught at Covington.

Larry Stone, former Western student and member of the College Heights Herald staff, is now connected with a paper at Greenville, Missouri.

Virginia Beaton, A. B. '34, who has been employed at Pineville, Ky., will teach French and Latin in Princeton High School this fall.

Mary Louise Lang, B. S. '37, will return to her former position as critic teacher in Caney Creek Junior College.

Hazel Beach, A. B. '36, who has been teaching in the grades at Dycusbury, Ky., has accepted a position as teacher in the Chateaux Springs High School.

Former Student Returns From 4H Camp

Laura Greyham Johnson, a Western student who lives near Franklin, Kentucky, has recently returned from a 4-H Club Camp of two weeks. One week was spent at Lexington and one at Washington, D. C., as a reward for outstanding work in the club over a period of ten years.

This award is given each year to two girls and two boys of Kentucky. Margaret Guley of Lancaster, Kentucky, Glen Clay of Nicholas County, and James Stokes of Lexington were the other Kentuckians to win the award this year.

Josephine Wright, A. B. '37, has accepted the position as librarian of Wilson County High School, Lebanon, Tenn.

Elizabeth Durham, A. B. '36, of Greensboro, is now attending Business University.

Marion Pollis, A. B. '37, will return to New York in the fall to continue his study of interior decorating at Miss McLean's Art School.

Marion Pollis, A. B. '37, who is an art student in New York, is spending his vacation in Bowling Green.

C. D. Sharpe, B. S. '37, has been elected recently as rural school supervisor of Muhlenberg County schools. Mr. Sharpe has taught during the past year in Beaver-Cleaton Independent School.

R. H. Matthews, A. B. '29, will be principal of the Bremen Consolidated School for the school year of 1938-1939. For the past three years Mr. Matthews has been principal of the Morgan-John school system.

Robert H. Shaver, A. B. '33, has accepted the position of superintendent of the Muhlenberg County schools for a term of four years beginning on July 1. Mr. Shaver has done graduate work in Columbia University, and for the past four years has been superintendent of Beaver-Cleaton Independent School.

Howard Shaver, A. B. '36, was recently elected principal of the Drakesboro Consolidated School. Mr. Shaver has taught in Muhlenberg County for a number of years.

Mrs. Gyles Vincent, B. S. '31, formerly Mary Dunn, has been elected to teach Home Economics in the Bremen Consolidated School. Mrs. Vincent has done some graduate work on the Hill.

T. O. Hall, A. B. '24, superintendent of Greenville city schools, is now at the University of Kentucky doing advanced work leading to the Ph.D. degree. Superintended succeeded Dr. C. H. Jagers.

Autha Meador Clark, B. S. '37, will teach in the Hadley school system this year.

The greater majority of this year's graduates have received suitable and substantial positions, and those who have chosen to go further in the field of higher learning have been presented with adequate opportunities. Many have received scholarships and fellowships to attend other institutions.

These are encouraging facts for the graduates who have great hopes for the future. And, too, in face of the hypothetical depression of the present it is a good mark for Western to say that its graduates have places in the world waiting for them.

READING

It is an established fact that the United States is blessed with one of the world's best educational systems, but it is also a fact that this system is neglecting one of the most essential phases of education—reading. No matter what the student is attempting to accomplish, he is constantly called upon to read. This reading should in all cases be exact and comprehensive.

Observations and tests show that a large per cent of high school and even college graduates cannot read effectively. Recently we have made it a point to observe what students and other individuals say when commenting on current events and material that they have read. It is surprising how many of them misconstrue facts that are prominent in the material. They might be termed as contortionists of printed matter.

We have noticed that it is a tendency to grasp only the material in large print and the sensational part, and to twist this in such a manner as to further an argument or idea in the direction that the commentator wishes.

Reading, so we are told, was at one time held essential in the education of every student. Maybe the cause of failure of students is not so much due to stupidity or to laziness as it is to their inability to read consistently.

Graduates . . .

Jagers . . .

(Continued from Page One)
Upton, Ky., and then enrolled at Western where he completed two years of college work. He now holds the B. S., M. A., and Ph.D. degrees from George Peabody College, Nashville.

During his earlier years in the educational field, Dr. Jagers served as a rural teacher in Hart County and taught in high schools at Springfield and Murray, Ky. His administrative experience includes a high school principalship at Murray and superintendencies at Clay, Greenville and Franklin.

During the summer of 1936, he taught in the East Texas Teachers College at Commerce, Texas, and he was professor of education at Peabody college during the summer quarter of 1937.

Dr. Jagers is author of "What Parents Want to Know About Their Schools," "The Superstitutions of Junior High School Pupils," and numerous magazine articles.

At the present time, in addition to his duties as head of the Department of Psychology at Southwestern, Dr. Jagers is director of the summer school curriculum laboratory of that institution.

He is to be accompanied to Bowling Green by his wife and their daughter and two sons.

ARTICLE TO APPEAR

IN BIRD LORE
Dr. Gordon Wilson's article, "A Bird Paradise in a Cornfield," is to appear in the July-August issue of Bird Lore. This is one of two articles made possible by a grant from the American Association for the Advancement of Science. The other article will appear in the September-October or November-December edition.

Educational Picture Shown Here

The Progressive Educational Association recently showed an educational film in Van Meter Hall. The showing of the film was under the direction of John L. Haynes, who is assistant director of the association. The film was made in the public schools of Santa Monica, California and showed what is being done there with the project method of teaching. The showing was attended by many students and faculty members.

FFA Meet . . .

(Continued from Page One)
dress by President Paul Garrett.

Dr. M. C. Ford, gave an address on "The Future Farmers of America and Rural Living" on Thursday morning. Miss Lucy Furman, Lexington, spoke on "Wild Life in Kentucky."

Forty high school boys were awarded State farmer degrees on Thursday.

Thursday night music contests were held. Winners in the individual musical contest were: Vocal solo, E. B. Ghent, Shepherdsville High School; piano solo, Clarence Wood, Jr., Hughes-Kirkpatrick High School, Muhlenberg County; orchestral instrument, Durwood Mefford, Hughes-Kirkpatrick High School; novelty, Key Smith, New Castle High School; chapter orchestra, Whitley City, Whitley County; and novelty of stunt, Munfordville Chapter.

Winners in the impromptu speaking contests, sponsored by the Dairy Products Association of Kentucky, held Friday morning were announced at the banquet Friday night. They were: first, Frank Baker, Dixon Chapter, F. F. A. of Dawson Springs District, \$25; second, Charles E. Beck, McKinney Chapter of Berea District, \$20; third, Joseph Hartling, Heath Chapter, Paducah District, \$15; fourth, Wilbur Smith, Munfordville, Bowling District, \$5; and fifth, E. R. Kelley, Lewisburg, of Morehead District, \$5.

It was also announced at the banquet that Homer McAllister of the Henry Clay Chapter, Shelby County, of the Lexington District, won the annual essay contest sponsored by the Courier-Journal. He received a \$50 prize plus district prize of \$10.

Robert Davis, Bryan Station; Sam Sauer, Jr., of Daviess County High at Owensboro; John R. Bottorff, Liberty; and John Mefford were recommended for the "American Farmer degree" at the banquet.

The annual state convention is held alternately at the University of Kentucky and Western.

Library Test Reveals Westerners Superior

The results of the Library Information Test which was given to students of freshmen English in eight sections at Western in May have been received. The test was given to students in ten colleges; Western's rating was superior to the average. The purpose of the test was to see how much college students know about using the library and to show on what points they are weak. Such information will enable courses in the use of the library to be worked out to serve better the needs of the students. The test was worked out by two Peabody professors, Dr. J. E. Moore, professor of psychology, and Dr. Lewis Shores, director of the Peabody Library Journal.

The reason for Western's rating was attributed by Western's librarians as the following reasons:

1. The prevalence of high school libraries in Kentucky. The freshmen to whom the tests were given did better on the types of reference material with which they were familiar.
2. The elective course on the use of the library.
3. Unit of the library given in the Freshmen English teachers.
4. Instructions given in classes by other teachers.
5. Personal guidance given to individual students by the library staff.
6. Constant library assignments made by the instructors.
7. Open stacks to the students which make for self help on the part of the students.
8. Instructions given to the freshmen during freshmen week.

Visitor Comments On Conditions In China

Miss Beng Sen Yui of Hunkow, China, who for the past years has been a student of Columbia University of New York City, was a recent visitor in the home of Miss Caroline Hines, A. B. '36. Miss Yui, who left China in the summer of 1937 shortly after war had started in Shanghai, was a witness of the opening hostilities and the results thereof.

In recent conversation with a reporter from the College Heights Herald Miss Yui said that because of the present fight near Hanchow, she was reticent to predict an early victory for China. Perhaps even more than the loss of her country she deplores the disappearance of Chinese customs and language which the domination of Japan might bring about. However, she feels that the people are more united today than ever, and all are fighting under a common cause.

In comparison to former conditions which have taken place, Miss Yui feels that China has made a great advance in unity and allegiance. In speaking of Japan, she referred to it as a silk worm which is anxious to feast upon the leaf of China. Miss Yui's visit revealed that China is no longer a backward country as many believe. Many of the high school students possess radios for their rooms. High school students are required to take English. M. A. degrees are given in China but not Ph.D. degrees. The Ford car is cheaper in China than in America, but Chinese homes are not nearly so modern as our American homes. Miss Yui compared a home in Bowling Green that had been built for fifty or more years with that of the most modern homes of China. The Chinese girl possesses a wardrobe equal to or greater than the American girl's wardrobe, consisting of summer dresses (thirty-seven or more in number) of Chinese silks, embroideries and velvets, all made of one pattern.

In speaking of her people's loyalty to their country, she gave as an example her brother who graduated from college and was asked by Miss Yui what he desired for his graduation present. His reply was, "Send any money you have to spare to the government of China to help win the war."

Since receiving her M. A. degree in June from Columbia University, she has visited several sections of the country and plans to visit other places in the South before returning to New York, where she plans to do special work until July, 1939, when she will return to China by way of Europe.

Marie Barnes, B. S. '37, was a recent visitor on the Hill.

Katherine Black, A. B. '33, visited in West Hall on July 13 and 19.

'38 Graduates

HOLBROOK RECEIVES SCHOLARSHIP

Gilbert Holbrook, B. S. '38, with a major in chemistry and biology has secured a scholarship in bacteriology from the University of Kentucky. He will enter the university this fall to work on the Master's degree.

Mr. Holbrook is a graduate of the Owensboro Senior High School and attended the Army Prep School at Honolulu, Hawaii before coming to Western.

Ruth Jewell, A. B. '38, will return to her position as music teacher in the Southernland Consolidated School, Daviess County, this fall.

Helen Haile, A. B. '38, who is a graduate of Hendon High School, will teach in her home school this fall. She will teach mathematics.

John Nicholls, B. S. '38, teacher of agriculture in Muhlenberg County, brought a group of boys to the state F. F. A. conference which met at Western during the past week.

Bobby Crogan, B. S. '38, was in Bowling Green the past week. He was attending the F. F. A. conference, whose headquarters were in the Ogden Science Department.

Marshall Swain, B. S. '38, a major in physics, will be connected with the Meade County school system this fall as instructor in mathematics and also as football coach.

Wayne Power, B. S. '38, has recently accepted a position as home economics teacher in a school near Dayton, Ohio.

Work On Heating Plant Nearing Completion

Recent reports show that work on the improvement project of Western's heating plant is progressing favorably. When Cherry Hall was completed and the new music hall was planned it became evident that some enlargement of the old heating plant was necessary. The college last month received a \$40,000 appropriation for the enlargement and improvement of the heating plant.

At present the two 200 h. p. boilers have been removed to Murray and are being replaced by a 500 h. p. boiler. The new boiler will be equipped with an automatic stoker and induced draft which will increase the efficiency of the boiler.

Plans are kept in view for the installation of another boiler when it becomes necessary. The engineering of the project is being done by J. H. Graham, dean, and Perry West, head of the mechanical engineering department of the University of Kentucky.

R. P. Howard and Collier Hall are in charge of the work on the plant.

COX TO ATTEND WISCONSIN

Palmer Cox, B. S. '38, who is a major in chemistry, will enter the University of Wisconsin this fall to work on the Master's degree in agricultural chemistry in which he has a scholarship.

Mr. Cox is a graduate of the Madisonville High School.

Joe Troutman, B. S. '38, physics major, will attend the University of Kentucky this fall to work on his Master's degree. He has a full time instructorship from that university.

Florence Mutchler, A. B. '38, recently underwent an operation for appendicitis and is now recuperating at the home of her parents on the Nashville Road.

Thelma Davis, A. B. '38, has secured a position to teach art in Knoxville, Tenn., for the coming school year.

Eleanor Pearce, A. B. '38, has been admitted to the School of Library Science, University of North Carolina, Chapel Hill, N. C., and plans to enter in September.

John Buck, B. S. '38, has accepted the position as agriculture teacher in Dixon High School, Dixon, for the coming school year.

Sara McNeill, A. B. '38, has accepted the position as librarian at Portland High School, Portland, Tenn.

Virginia Davis, A. B. '38, will be librarian at Owen High School, Owen, Ky.

Forrest Irving, B. S. '38, is to teach agriculture in Metcalfe High School.

Hazelle Williams, B. S. '38, will teach in the grades in the Jefferson County schools.

James Goode, B. S. '38, has been employed as Industrial Arts teacher in the Somerset High School at Somerset, Ky.

Josephine Ellis, B. S. '38, has accepted the position as home economics teacher in Clinton High School, Clinton, Ky.

Louise McNeill, A. B. '38, has been employed to teach in the grades at Munfordville.

Wayne Power, B. S. '38, has accepted a position in Trotwood, Ohio. She will teach home economics.

Marion Hawes, A. B. '38, will return to her former position as teacher in the Daviess County school system this fall.

Myrtle Page, A. B. '38, will teach music and grades in Bardonia this year.

Helen Corum, B. S. '38, has been employed to teach in the Bowling Green grade schools.

"Away From It All"

You can say goodbye to care and worry when your pocketbook is packed with ample funds to carry you away to a happy vacation spot. If you haven't provided funds for this year why not get started now to assure a real vacation next summer? Ask about our Savings Plan, that has enabled thousands of our customers to travel "away from it all" for joyous vacation weeks!

Hickman, Fulton, Carlyle Students To Attend Camp

The Hickman, Fulton, and Carlyle County delegation of Western is formulating plans for an encampment on Reelfoot Lake in Western Tennessee the week of August 21-27.

This encampment is to include graduates of Western and present students of Western from Hickman, Fulton, and Carlyle counties. President and Mrs. Paul Garrett and boys have been invited to attend the camp.

This program promises a week of varied and interesting activities, including swimming, boating, tennis, fishing, and barbecues.

Dr. W. M. Willey and Mrs. Willey are in charge of the arrangements.

Rural Life Group Meets At Western

The third annual Rural Life Conference opened at the Mammoth Cave on Thursday, July 21, with a fish fry attended by Western faculty members and students.

The conference, which was attended by State Superintendent H. W. Peters, Frankfort, and by county superintendents and attendance officers from throughout Kentucky, met the following day at the Little Theater on Western's campus for a discussion of problems of rural education, followed by a business meeting.

Supr. W. H. Baldree of Graves County was elected to succeed Supr. H. A. Cocanougher as president of the conference. Supr. O. W. Wallace of McLean County was elected as vice-president and Supr. Everett Witt, Warren County, to serve with him.

WESTERN TEAMS LOSE PROMINENT PLAYERS

By MARTHA EUBANK
When the last athletic season ended at Western, the fans noticed that the list of athletes playing their last games in both basketball and football was unusually large. Some of the best players in both sports were among those leaving the Hill with the 1933 graduating class.

The football team is losing Clarence Caple, Joe Cook, Glenn Williams, Henry Cooper, J. C. Batsel, Jimmie Baker, Andrew Tipton and Lucien Adams. All of these boys have been prominent figures on the team in the past three years.

Basketball also suffers a setback. The team loses William "Red" McCrocklin, Ralph Dudgeon, Burnam Molten, Claude Rayburn and John McCree. These players served last year as the backbone of the Diddlemen.

However, in face of these losses Coaches "Gander" Terry and Edgar Stansbury of the football team, and Coach Ed Diddle of the basketball team predict that the forthcoming season will be one of Western's greatest. Strong timber for future stars is coming up from the ranks of last year's freshmen teams in both football and basketball.

ARTS STUDENTS BUILD AND REPAIR

The enrollment in Industrial Arts for the second summer term is unusually large. In addition to the regular students, a number of men who have been out in the field teaching have returned for additional training. Apparently all the available

SPORTS SHORTS

By ROBERT L. PAY

Due to numerous requests of this column, we are presenting herewith one of the most popular poems ever written about that great sport of football.

"The poem, 'Alumnus Football,' was written by Grantland Rice, the most talented sports writer in American history. A portion of the poem was first used by Mr. Rice at a Vanderbilt Alumnus meeting in 1908. The complete poem as it appears below made its debut in his daily column 'The Spotlight' in 1923. Bill Jones had been the shining star upon his college team. His tackling was ferocious and his bucking was a dream. When husky William took the ball beneath his brawny arm they had two extra men to ring the ambulance alarm.

Bill hit the line and rag the ends like some mad bull amuck. The other team would shiver when they saw him start to buck. And when some rival tackler tried to block his dashing pace, On wakin' up, he'd ask, "Who drove that truck across my face?"

Bill had the speed—Bill had the weight—Bill never bucked in vain; From goal to goal he whizzed along while fragments strewn the plain.

And there had been a standing bet, which no one tried to call, That he could make his distance through a ten-foot granite wall.

When he wound up his college course each student's heart was sore; They wept to think bull-throated Bill would sock the line no more. Not so with William—in his dreams he saw the Field of Fame, Where he would buck to glory in the swirl of Life's big game.

Sweet are the dreams of college life, before our faith is nickered—The world is but a cherry tree that's waiting to be picked; The world is but an open road—until we find, one day, Hay far away the goal posts are that called us to the play.

So, with the sheepskin tucked beneath his arm in football style, Bill put on steam and dashed into the thickest of the pile; With eyes ablaze he sprinted where the laureled highway led—When Bill woke up his scalp hung loose and knots adorned his head.

He tried to run the ends of life, but with rib-crashing toss A rent collector tackled him and threw him for a loss. And when he switched his course again and dashed into the line The massive Guard named Failure did a toddle on his spine.

Bill tried to punt out of the rut, but ere he turned the trick Right Tackle Competition stepped through and blocked the kick. And when he tackled at Success in one long, vicious prod The Fullback Disappointment steered his features in the sod.

Bill was no quitter, so he tried a buck in higher gear, But Left Guard Envy broke it up and stood him on his ear. Whereat he aimed a forward pass, but in two vicious bounds Big Center Greed slipped through a hole and rammed him out of bounds.

But one day, when across the Field of Fame the goal seemed dim, The wise old coach, Experience, came up and spoke to him: "Old Boy," he said, "The main point now before you win your bout Is keep on bucking Failure till you've worn that piker out!"

"And, kid, cut out this fancy stuff—go in there low and hard; Just keep your eye upon the ball and plug on, yard by yard. And more than all, when you are thrown or tumbled with a crack, Don't sit there whining—hustle up and keep on coming back!"

"Keep coming back with all you've got, without an alibi, If Competition trips you up or lands upon your eye; Until at last above the din you hear this stentorial spillo: 'We might as well let this bird through before we all get killed!'"

"You'll find the road is long and rough, with soft spots far apart, Where only those can make the grade who have the Uphill Heart. And when they stop you with a thud or halt you with a crack, Let Courage call the signals as you keep on coming back."

"Keep coming back, and though the world may romp across your spine, Let every game's end find you still upon the battling line; For when the One Great Scorer comes to mark against your name, He writes—not that you won or lost—but how you played the Game."

Arts will be placed before school starts. Most of the men have already been placed.

A number of students in the department are employed on a part time work program of a technical nature and equipment construction, such as building furniture for the departments of Mathematics and Geography. The window frames for the Music Building have recently been completed in the shop.

Some repair work on the Training School has started, and there will be some other work to be done on the Hill. The work program has not been completed as yet. It has been announced that there will be work on the roofs of some of the buildings on the campus.

Smith, in winning the tourney, did not drop a set to any contender and was never seriously pressed. McCulloch dropped a single set, that to McCasney in a first round match before meeting Smith in the finals.

Bill Daniels and Robert Pay, directors of the tournament, pronounced the meet a success and expressed the opinion that it would become an annual affair.

Awards to the winner and runner-up in the form of medals will be presented as soon as they are received here.

Western has cooperated with county superintendents in the organization of the program of rural schools each year. From July 5 to July 23 this summer the following Western faculty members attended meetings of rural teachers: Kelley Thompson, Albany, Clinton County; Munfordville, Hart County; Russellville, Logan County; and Edmonston, Metcalfe County; Professor W. J. Craig, Cadiz, Trigg County; Professor H. L. McMurry, Lebanon, Marion County; Mr. N. L. Ross, Scottsville, Allen County; Dr. L. F. Jones, Elizabethtown, Hardin County; and Bardstown, Nelson County; Professor J. R. Whitmer, Glasgow, Barren County, and Mr. W. M. Pearce, Springfield, Washington County.

SWIMMING MEET HELD TODAY

The Paducah municipal swimming pool will be represented by 13 swimmers competing in the various events listed for "W" Club's first annual swimming meet to be held at the Western pool this afternoon and tonight. Swimmers from Louisville, Nashville, and New Albany are arriving in Bowling Green and will be represented in today's meet.

A complete list of Paducah representatives has been turned in, but other entries had not been completely recorded at press time.

Record Holder to Compete
Frank Etscorn, Valley High School athlete, Louisville, who is listed among the entries for the meet recently broke the National Y. M. C. A. 50-yard free-style record, splashing the distance in 24.2 seconds, clipping 5 seconds off the previous mark of 29.7 seconds.

Etscorn will compete in the free-style and breast stroke divisions—swimming forty and eighty yards in each event.

Western swimmers listed as entries in the various events include James Oliver, Joe Gill, W. K. Molder, Joe Will, Raymond Van Meter, Wilfred Schell, and Charles Smith.

Gill, who for several years has been rated "top" in diving by local aquatic followers, is the current favorite to cop honors in that division. In practice sessions Gill has revealed a remarkable variety of superbly executed divers and gives every indication of outclassing his competitors in the event.

Joe Will, co-holder of the National A. A. U. three-man medley relay championship, will be Western's strongest contender in the distance races and the backbone of the Western relay team, coaches believe.

141 Enroll In Adult Education Class

Special courses are being offered to the teachers adult education classes during the first three weeks of the second summer term. Education 170 and 171 are being taught. Each course gives two hours of credit on a degree or a certificate. Students with A. B. or B. S. degrees are attending the University of Kentucky at Lexington. Their work will count on the M. A. degrees.

There are 141 teachers enrolled from the first, second, and third WPA districts. Waylon Rayburn is the state supervisor of these three districts. Area supervisors are: Harry B. Ford, McCracken County; L. L. Hudson, Warren County; W. S. Clark, Grayson County; Mrs. Bessie R. Basket, Henderson County; Miss Dorothy Walker, Adair County; Mrs. Alma Chandler, Taylor County; Miss Opal Whitney, Taylor County.

Dr. L. F. Jones, Dr. Bert R. Smith and Professor H. L. McMurry are conducting the classes. On July 22 Homer W. Nichols state director of Special Education, Frankfort, and Lindsey E. Allen, state director of WPA Education program of the state department, Louisville, met with the class.

CLARK RECEIVES FELLOWSHIP
Mitchell Clark, A. B. '31, M. A. '36, has received a fellowship from Indiana University. Miss Clark will teach three classes of Freshmen Composition and do work leading to the Doctor's degree.

CAMP ADVISERS ATTEND MEET

Study Industrial Arts Problem

A training school for camp educational advisers of the CCC camps of the Western section of the state was held on the Hill during the week of July 5.

The program, which was formally opened by a greeting from President Paul Garrett, consisted of open discussions of the various problems of the camp advisers addresses by guest speakers and demonstration by the teaching staff of Western's Industrial Arts department.

Camp advisers attended the school were W. T. Wilson, Mayfield; Charles E. Martin, Paducah; John H. Martin, Morganfield; Fred T. Phillips, Henderson; Elva E. Festress, Owensboro; Ben E. Hadden, Hartford; John E. Beck, Dawson Springs; Carl E. Martin, Elizabethtown; Dorrell C. House, Carlisle; William H. Martin, Jr., Murray; Marion T. Stewart, Cadiz; Carl C. Hart and Scott Robinson, Mammoth Cave.

Others appearing on the program were Dr. Howard W. Oxley, national director of CCC education, Washington, D. C.; Harry W. Peters, state superintendent of public instruction, Frankfort; Dr. Glenn O. Emrick, fifth corps area educational adviser, Columbus, Ohio; Mr. Paul E. Williams, assistant corps area educational adviser, Columbus, Ohio; Major Truman E. Boudinot, executive officer, Kentucky district CCC; Lindsey Allen, state director WPA education; Robert K. Salyers, state directors NYA; and James R. Allison, district educational adviser.

A similar training school was held the following week at Berea, for the camp advisers of the eastern section of the state.

Smith Wins Tourney

Paul Bell Smith, Louisville backhand artist and No. 2 performer on the Western tennis team this year, kicked over the dope bucket here Saturday, July 16, when he trounced Ralph Dudgeon, defending champion in a torrid five set match which required 4 hours to complete.

Starting slowly, Smith dropped the opening two sets, 1-6 and 3-7, but turned on the heat and a withering fire of backhand drives to cap the next two by 6-1 scores.

Going into the final set, Dudgeon piled up a 3-love lead which Smith slowly whittled down. Leading 7-6, Smith held match point three times in the 14th game, but Dudgeon's inspired net play staved off defeat.

Breaking through each other's service with uncanny regularity in succeeding games, the netters tied up a 3-all before Smith copied his service and went on the break through Dudgeon for the set and match, 11-9.

By virtue of his victory Smith gained possession of the David Hall Sledge Trophy for a year and can win permanent possession of it by repeating next year. Winners of the trophy in the past two years were Sallie Ayres and Ralph Dudgeon. Either of these performers can gain permanent possession of the Sledge trophy by copying it a second time.

Smith advanced to the finals by victories over Byrn, Slaughter and Winkenhof.

Dudgeon advanced by disposing of Coyte, Tallman, and Pay in the order named.

BAKER WINS FFA CONTEST

Frank Baker, who has just entered Western, representing the Dixon chapter of Future Farmers, won the State Impromptu Contest held here in Van Meter Hall July 29. The contest was sponsored by Dairy Products Association.

He drew the subject "Sources of Microorganisms in Milk." Baker was eligible to enter State competition May 7, when he defeated nine others to win the Dawson Springs district.

Dr. B. C. Cole of W. K. T. C. and Mr. A. W. Sawyer, general manager of Kentucky dairies served as judges. The awards were made by Mr. Sawyer at the convention banquet Friday night. First place in the state contest was \$25.00; first place in the district was \$15.00. Second place went to Charles Beck, McKenney Chapter; third place to Joe Harding, Heath Chapter. Baker was also awarded \$10.00 for winning the District Courier Journal Essay Contest by McDonald McWain, promotion manager of the Courier-Journal.

Baker has been a Future Farmer for four years, and is now president of the Dixon Chapter of F. F. A. He will apply for the State Farmers Degree next fall.

R. O. CLASSMEN LEAVE CAMP

Western Officers Take High Honors

Twenty-eight members of the last year's advanced class in military science returned Saturday after six weeks of training at the Fort Knox ROTC Camp.

Looking brown and hard, the opinion of most of the class was that army bunks are not so hard as reported, provided one ever has a chance to do any bunk fatigue. With assembly for reveille at 6 a. m. and retreat at 5 p. m. the army generally represented by Major Herbert Schmid managed to keep the intervening time pretty well occupied. In addition to the ordinary drills and tactical exercises the class fired the service rifle, automatic rifle, automatic pistol and the machine gun.

Highest score with the rifle was fired by S. C. Carpenter who qualified as sharpshooter and was selected to go to Camp Perry, Ohio, for the annual National Rifle Matches.

Runner up was Roy J. Bell who also qualified as sharpshooter.

Highest score with the pistol was made by Kendall Bryant who qualified as sharpshooter.

Next highest was fired by J. C. Browning who also qualified as sharpshooter.

In the performances of field exercises and command duties the work of S. C. Carpenter, Roy J. Bell, and S. A. Murphy brought forth especial praise from those in charge of the camp work.

Foreman Returns In the Fall

Mr. Guy Forman of the Physics Department, is attending the University of Indiana this summer. He is working on the Doctor's degree and doing part time teaching in the graduate school.

Mr. Forman will return to Western this fall where he will resume his former position with the Physics Department.

BOWLING GREEN TRUST COMPANY

SOCIETY

Stewart-Worrell Wedding

Solemnized July 6.
Miss Jonell Stewart and Mr. DeWitt Andrews Worrell were married on July 6 at the home of the bride's parents, Mr. and Mrs. A. J. Stewart, on the Scottsville Road. The ceremony was performed by the Rev. J. G. Akin, pastor of the State Street Methodist Church. After a reception Mr. and Mrs. Worrell left for a wedding trip through the East.

Mrs. Worrell is a Western graduate and has taught two years in the Covington public school system. Mr. Worrell is a graduate of Western, Georgia School of Technology, and the

Harvard Graduate School of Business Administration. Mr. Worrell is now connected with the General Electric Company of Boston, Mass., where they will make their home.

Fisher-Downs

Married Recently
Miss Ruth Fisher, daughter of Mr. and Mrs. F. M. Fisher, 1254 Kentucky street, and Mr. William Dennis Downs of Baltimore, Maryland, were married June 23 at Gruenwood. The ceremony took place at the home of the bride's sister, Mrs. Thomas M. Green with the Rev. C. Gilbert Hill, Jr., officiating.

Mrs. Downs is a former student of Western and Mr. Downs is a graduate of Bowling Green College of Commerce.

Bean-Owen Wedding

Solemnized In Glasgow
Miss Addie May Bean, a student at Western, and Mr. Ellick Owen, A. B. '38, were quietly married in Glasgow, Saturday, July 8, at the home of the Rev. Joseph A. Gaines. Miss Ann Smith, of Marion, and Mr. Everett Arnett, of Greenville, accompanied them.

Mrs. Owen, whose home is in Whitesville, is a teacher in the Ohio County schools. Mr. Owen is the son of Mr. and Mrs. G. G. Owen of Dawson Springs.

Hudson-Hood Ceremony Performed In Bowling Green
Miss Mary Alta Hudson, daughter of Mr. and Mrs. L. L. Hudson, and Mr. Clayton Hood, son of Mr. and Mrs. W. J. Hood, were married on Saturday morning, July 2. The marriage took place in the pastor's study of

the State Street Methodist Church, with the Rev. J. G. Akin officiating.
Mr. and Mrs. Hood are both Western graduates and both teach in the Greengrove city schools.

Sandidge-Peck Marriage

Solemnized Here
Miss Evelyn Sandidge, daughter of Mr. and Mrs. Hugh Sandidge, and Mr. Forest Peck, assistant manager of J. C. Penney Co. store, were married on July 1. The wedding took place at 8 o'clock p. m. at the home of the Rev. Ben F. Taylor on the Morgantown Road.

Mr. and Mrs. Peck are former students of Western. They will make their home in this city.

Duncan-Huffman

Married Here
Miss Vonda Duncan and Mr. Harold Hays Huffman were married on July 9 at the home of the bride's sister and brother-in-law, Mr. and Mrs. Preston Haynes, 1100 Magnolia avenue. The ceremony was performed by the Rev. Dr. Coleman O. Groves. After a wedding dinner, Mr. and Mrs. Huffman left for a wedding trip through the South.

Both are former students of Western.

PERSONALS

Dr. and Mrs. F. C. Grise announce the birth of a baby girl, Mary Ruth, on July 22. The baby weighed eight and one fourth pounds. Both mother and baby are doing nicely.

Miss Janice Pace, library assistant in charge of the reserve desk, underwent an appendix operation at the City Hospital in Bowling Green Saturday, July 23. Her condition is reported favorable.

Miss Edna Bothe, of the Library Science Department has been granted a leave of absence to go as visiting teacher of library science to the University of Tennessee in Knoxville, for the second summer term.

Loraine Cheatam visited her sister, Chrissie, the week of July 19.

Chrissie Cheatam spent last week-end at her home in Taylorsville.

Catherine Clarke has been a recent guest of her sister, Dorothy Clarke.

Alex Lipchak and J. B. Dorris spent the week-end in Goodlettsville, Tenn.

Mrs. Albert Sproule of Springfield, Tennessee, visited her daughter, Mrs. C. P. Denman, and Mr. Denman the past week-end.

Prof. Horace McMurtry of the Education Department attended a teacher's meeting at Lebanon on July 15. The subject of his address was "Unit Teaching as It Might Be Applied in the Rural Schools."

Prof. Horace McMurtry of the Education Department attended a rural teacher's meeting at Hartford on July 22. The topic of his lecture was "Better Teaching in the Rural Schools."

Dr. Bert R. Smith of the Education Department was guest pastor at the First Presbyterian Church, Owensboro, June 26. His lecture was on the English Bible, the contents of which appeared in the College Heights Herald, April, 1936.

Dr. Bert R. Smith of the Education Department delivered an address on July 9 before a teacher's meeting at Elkton. His subject was "Safety in School."

Mrs. Harry Peters of Frankfort was entertained with a luncheon Friday, July 22, at 1 o'clock by Mrs. Bert R. Smith.

Collis F. Moseley, A. B. '37, is working on the Master's degree at Indiana University this summer.

Margaret Lyle, Bowling Green, will leave in the near future for an extensive trip through the West.

Winnie Lancaster spent last week-end with her parents at Owensboro.

John Holmes, Hugh Bingham, and Wayne Bailey spent the week-end of July 23, visiting friends at Peabody College in Nashville.

1167 TAKE WORK BY EXTENSION

The Extension Department reports that 1167 students enrolled in its department for the school year beginning July 1, 1937 and ending June 30, 1938. There were 256 students enrolled in study center work, and 911 enrolled in correspondence courses. This is a slight increase over the previous year's enrollment.

There are prospects for study center classes at Glasgow, Hartford, Burkesville, Owensboro, Greenville and possibly other towns for the coming year.

Otis Allen, Western graduate and biology teacher in the Bowling Green High School is doing graduate work at Ohio State University this summer.

Ray Smith visited his parents in Paris, Tenn., over the week-end of July 22, 1938.

Grace Taylor was recently called to her home in Greenville to attend the funeral of a friend.

Mr. and Mrs. Talmage C. Loylady have been on the Hill.

Nell Cike of the Art Department will teach art in Knoxville, Tenn.

Miss Ella Jeffries took a party to Chalybeate Springs for Sunday night dinner, July 24. The party included Miss Margaret Estes of Newport, who is visiting her sister, Eleanor, Mildred Dean, Wanda Hafer, Lucille Mount, and Ann Boyd.

Hazel Johnston, Margaret Dahmon, and Nancy Caudle, of the Home Economics Department entertained with a dinner at the Home Management House on July 23. The guests were Miss Hunt, of the Home Economics Department, Mrs. Delma Walden, Thelma Bischof, and Geneva Hamby.

Mrs. S. T. Boyd of Louisville, Ky., spent the week of July 25, visiting her daughter, Ann, who is a senior at Western.

Miss Vida Wicks, a teacher in the Art Department for the past two semesters, has returned to her home in Mendota, Ill.

Miss Clara Lowenstein of the Home Economics Department, was in an automobile accident recently but suffered no serious injury.

Kelley Thompson spent the week of July 23 in Louisville and Jefferson County.

Miss Eleanor Gee, State Coordinator of Women's Projects, of the WPA office of Louisville was on the Hill July 27 interviewing home economics applicants for positions in WPA work.

Miss Etta Mae Jettors of Lexington visited Miss Louise Redd at West Hill recently.

Mr. and Mrs. Emmitt Miller spent the week-end of July 23 at their home at Bremen.

Mrs. James Goode left recently for Miami to visit her mother, Mrs. S. W. Partee.

Mr. and Mrs. Paul Phillips were on the Hill recently. They were enroute to Smoky Mountains and other points of interest of Tennessee.

Pete Trinton, of Gary, Ind., was a recent visitor on the Hill.

Miss Susie West McClanahan attended the performance of Rito Rita given at the Iroquois Amphitheater in Louisville, July 25.

Carolyn Troutman of Louisville spent the week-end of July 30 with Edna Haubrich and Erna Schumacher at West Hill.

Ida Virginia Rosson was a recent visitor in Tell City, Ind.

Robert H. Shaver, superintendent of Muhlenberg County schools was a guest of Mr. and Mrs. Emmitt Miller recently.

Grace Taylor attended the funeral of former Muhlenberg County Judge, R. O. Pace, at Greenville July 27.

Mrs. Hugh Hammers of Greenville recently visited her husband who is in school completing his work for the Bachelor's degree in August. Mrs. Hammers is employed by the Malone Lumber Company, Greenville, Ky.

Foundation History Written By Reporter

By BENEVA HAMBY

The College Heights Foundation has had an interesting history in the fifteen years of its existence. The slogan of the late Dr. H. H. Cherry was, in substance, every person in the Commonwealth of Kentucky who wants an education shall have it. He conceived the idea of organizing the Foundation when he saw how much good came from \$100.00 which Miss Lilla Boone placed in his hands to loan to needy students.

Accordingly, the Student Loan Fund was founded in 1923 and its headquarters was established in Cabell Hall. Some of the most able men and women of the Commonwealth were chosen to act as directors of this philanthropic organization. The charter members were: C. U. McElroy, S. Thurston Ballard, Lewis C. Humphrey, Mrs. Alvin T. Hert, Julian W. Potter, Carl D. Herdman, M. O. Hughes, H. H. Cherry, R. P. Green, M. M. Logan, J. R. Alexander, and Mrs. H. R. Matthews. R. H. Seward was elected secretary-treasurer of this organization. Mr. McElroy, who was one of the state's outstanding attorneys, was selected to write the by-laws and articles of incorporation. After the lapse of fifteen years, this charter is still a broad and flexible document adequate to take care of all the needs and emergencies of this organization that have arisen from time to time.

At the end of three busy, prosperous years, the Foundation was obliged to seek new quarters because Cabell Hall had to be torn down to make way for the library building which now stands on the site of the old building. Not in the least daunted, the Foundation moved its offices to the little building which stood between the old Potter College and the Training School. The Foundation spent nine years of useful service in this building which had served as a sorority house for the girls of Potter College, a hospital for the school, and as an office for the United States Veterans' Bureau.

In 1928, the campaign to start the Kentucky Building began. One of the objectives of the Foundation was to stimulate an interest in, and aid in constructing the Kentucky Building; so work in the Foundation office became more intense than ever before. Mr. Seward, who was called by Dr. Cherry, "the most efficient man I ever knew," cooperated with him in conducting the drive for subscriptions, which, together with work done by representatives in the field, and other forces including the faculty, brought the Kentucky Building to its present stage of completion.

In 1936 the Foundation was able to do the school a great service by providing facilities in the Kentucky Building for classroom purposes.

For a number of years the school had been trying to obtain a loan and grant from the Federal Government with which to erect a new classroom building. When it became apparent that this loan would materialize and that the old Potter College Building would have to be demolished, it was quite a problem for the school to decide where it would hold the classes of the in-

stitution during the construction of the new building. It was decided that the Kentucky Building would take care of this problem in a very splendid manner. There was much to be done. The Kentucky Building was a mere shell as far as the inside of the building was concerned. It had no concrete floors, no plumbing or heating fixtures, and no lighting system. It devolved upon the Foundation to furnish the money to put in the concrete floors and rough plumbing in the building as well as to put in temporary partitions so it would serve as a classroom laboratory for the college. This work was under the able supervision of Mr. L. T. Smith, the head of the Manual Arts Department. Much credit belongs to him and to Mr. Jack Meredith, who worked under Mr. Smith's supervision.

This building was used for eighteen months by the college. In addition to providing classroom facilities, it provided office space for a large number of faculty members as well as of the Personnel Departments. To quote Dr. Salomon, "It really was quite convenient. You could sit in one room and listen to three or four classes going on in the rooms around you."

However, in the fall of 1937 the teachers packed their various belongings and rather joyously moved their offices in the new classroom building which was now ready for occupancy.

The Foundation and Personnel offices remain in the Kentucky Building busily going on about their various duties. The year of 1938 has been the biggest year in the history of the Foundation since the boom years of 1928-1929. It has made loans to 631 different students, amounting to \$23,000.00 for this year. The total amount of loans for the fifteen year period aggregate to \$202,012.25, and the number of loans to 5,650. It is interesting to know that during this year 499 loans were made to men and 132 to women. The beneficiaries of the 631 loans were divided into the following groups: 64 Freshmen, 144 Sophomores, 175 Juniors and 268 Seniors. Practically every county in the state has received benefit either in this year or in previous years.

This present year of 1938 has already seen the Kentucky Building dispensing true Southern hospitality by serving as sleeping quarters for the representatives of various R. O. T. C. squads from different colleges who visited Western early in the spring, and for the Future Farmers of America who visited the school the latter part of July.

At the present time President Garrett has under consideration plans for the completion of the building. He has succeeded in obtaining an appropriation from the State amounting to \$80,000.00, \$30,000.00 of which is to be used in the rehabilitation of the heating plant. The balance of \$50,000.00 is to be available this year and next. In addition to this, President Garrett is seeking to obtain a PWA loan from the Federal Government to complete the building in keeping with the original conception of the enterprise. The Foundation is cooperating in this arrangement. When the structure is

Noted Author Speaks To FFA Group

Miss Lucy Furman, noted author, of Henderson and Lexington, was the principal speaker at one of the sessions of the Future Farmers of America on July 28. She spoke on the "Preservation of Wild Life in Kentucky." Miss Furman has led in the movement to have the legislature outlaw the use of the steel trap in trapping animals.

Miss Furman is the author of "Quare Women," "Glass Windows," "Mothering on Lane-some," and many other stories pertaining to the mountains of Eastern Kentucky, where she at one time taught in the Hindman Settlement School. While in Bowling Green she was the guest of Miss Julia Neel, who wrote her Master's thesis on the "Life and Works of Lucy Furman."

Social Science Council Formed For Cave Area

A number of teachers in and near Bowling Green met on the campus of Western on May 14 and organized the Intermediate Grades Division of the Council for the Social Studies of the Mammoth Cave Area. The organization was formed to serve teachers within a radius of approximately seventy-five miles of Bowling Green. Membership is open to teachers of the social studies in the fourth, fifth, and sixth grades (including rural schools) and to other classroom teachers who have a special interest in the social studies in those grades.

The program at the initial meeting was devoted to the place of "state history in the social studies curriculum. The papers read dealt with the aspects of Kentucky history which can be taught successfully in the intermediate grades, and presented the arguments for giving the state's history as a part of the American history course in the grades, and the arguments for retaining Kentucky history as a separate course in the grades.

The meetings are to be held regularly on the campus of Western. The members voted to affiliate with the Kentucky Council for the social studies and the National Council for the Social Studies.

The president of the organization is Dr. Clarence P. Denman, Department of History of Western, and the secretary-treasurer is Mrs. Hazel Riggs, fifth-grade critic teacher of the Training School of Western.

Completed it will be used as a recreational center for student activities; for faculty receptions; for housing the Kentuckiana Library and Museum; and for providing suitable quarters for the Personnel Department and the College Heights Foundation under whose sponsorship the building has been erected.

Movie Of Classic Shown Here

The motion picture of Sir Walter Scott's "Lady of the Lake" was shown in Cherry Hall on June 15, by Miss Mary Ruth Hodge, English teacher and Miss Lillian McNulty, teacher of social science in the Alex G. Barrett Junior High School of Louisville.

Miss Hodge and Miss McNulty were in charge of the direction, production, and the showing of the picture. Miss McNulty, who has studied motion picture work in connection with visual education at the University of California, was in charge of the photographing of the picture.

The picture was brought to Western under the auspices of the English Department.

The purpose of the picture was to show the value of visual education in connection with the teaching of literature.

Mr. and Mrs. C. B. Barnes were hosts to a number of friends Sunday, July 24, at their home on Normal Drive.
